

WESLEYAN METHODIST METROPOLITAN REGISTRY

NB: FIRST DATE IS BAPTISM DATE - SECOND DATE IS DATE OF BIRTH

This registry was founded to provide for the registration of births and baptisms of Wesleyan Methodists in England, Wales and elsewhere.

Some 10,000 certificates were registered of which 46 relate to Surrey. The register starts in 1818, with the earliest birth in 1773, and continues to 1840. The information given is name and sex of child, name and address of father, name of mother and both her parents, date and place of birth, witnesses to the birth and the name of the Wesleyan circuit with the baptising minister. It follows that the baptism should also be found in the non-conformist register! at the PRO but some entries in RG5 162-207 do not show a baptism. The numbering system - volume and folio used by the PRO has been followed in this transcript.
